HUMBLE HAUNT

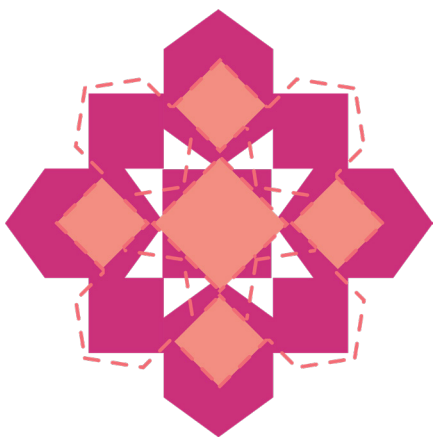

Brand Identity

The Humble Haunt brand projects playfulness to welcome the tarot/fortune-telling curious and allow everyone to take part in a little spooky fun—much like a cute-but-haunted dollhouse.

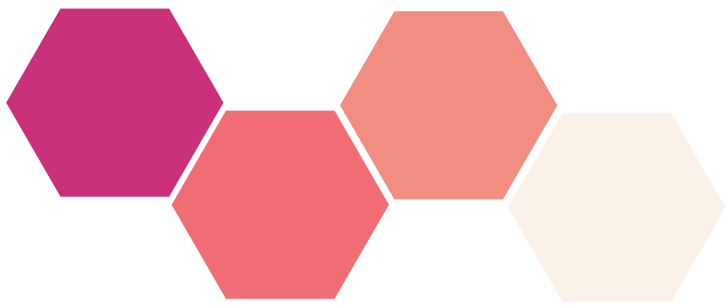

Logo Rationale

Drawing inspiration with the businesses origins of making quilted tarot mats, we used shared quilting and folk magic symbolism. The central shape refers to both a sawtooth star quilt pattern as well the Ukrainian “mallow flower” eight pointed star. The logo typography is inspired by both an arts & crafts and occult aesthetic.
